

Spitsbergen Explorer 2018

Mark Carwardine & Paul Goldstein Photographic Charter

8 - 19 June 2018

(organised by Exodus)

Mark's own charter from Aberdeen on the Akademik Sergey Vavilov concludes in Longyearbyen, the capital of Spitsbergen, on 8 June 2018. He then stays on board to co-host the ship's next exciting expedition cruise, with Paul Goldstein (organised by Exodus).

This exclusive 11-night photographic charter will focus on the wildlife of the Svalbard Archipelago.

June is the perfect time of year to visit the region, with 24 hours of daylight and a chance to see, among other things, polar bears, walrus, Arctic foxes, and many thousands of seabirds, all with mouth-watering backdrops of icy wilderness bathed in glorious light.

There won't be a rigid itinerary, the aim being to follow where the wildlife is and to offer the absolute best photographic opportunities.

In brief

- Maximum number of guests is 100.
- Prices range from £5,499 per person (excluding flights).
- Price includes all meals and accommodation on the ship.
- Photographic workshops by Mark and Paul Goldstein.
- The Vavilov is the best ship in the business for quietly approaching polar bears on ice, which is the main focus of this expedition.
