

MARK CARWARDINE

## Festival of Wildlife in Spitzbergen 2022

with Mark Carwardine and other experts

28 June - 8 July 2022

(organised by Wildlife Worldwide)

Since its inception in 2004, the Festival of Wildlife has evolved into a true celebration of wildlife, packed with a rich variety of activities with some of the world's leading naturalists and photographers.

For 2022, the Festival is on board the *Ocean Adventurer* exploring the awe-inspiring wilderness of Spitzbergen and the wider Svalbard archipelago. Packed with wildlife, the area is thought to be home to the world's highest population of polar bears, and it has some of the largest seabird colonies in the North Atlantic.

Other wildlife includes walrus, humpback whales, Arctic foxes, reindeer, bearded seals, Atlantic puffins, kittiwakes, little auks, and much more.

The *Ocean Adventurer* is a very comfortable ice-strengthened ship with substantial outdoor space spread over four decks, which is perfect for photography.

The experienced team give entertaining lectures and workshops, and we visit Svalbard's very best wildlife hotspots, hundreds of miles into the

Arctic Circle, including shore landings and Zodiac cruises.

**Max. number of guests:** 124

**Prices range:** from £5,995 per person, including international flights (less £495 per person excluding international flights).
